

Geeks-In-Route Announces New Self Service Portal

By Geeks-In-Route

Dated: Apr 03, 2008

Save valuable time managing and scheduling your appointments, paying your invoices, and even choosing your own tech, by utilizing Geeks-In-Route's new self service system.

Geeks-In-Route is proud to announce their new self service system. By utilizing the system, clients can save valuable time and money by managing and scheduling their own appointments, paying their invoices, and even choosing their own technician if they so choose to.

No long hold times! Have a tech on site within 24 to 72 hours! Your done scheduling your appointment within 5 minutes from start to finish. Best of all they are currently offering a 25% discount all labor charges to all first time customers that use the self service portal to schedule their appointments.

To schedule an appointment today, visit <http://www.Geeks-In-Route.com>, and try a better way of doing business.
